SRI LANKA

Good for You!

SPAR SRI LANKA · FRESH PROCUREMENT

Fruit & Vegetable Procurement System: Supplier Training

Partnering for Fresher Supply

[Your name], SPAR Fresh Procurement · [Training date]

What is this system?

Quote your prices online

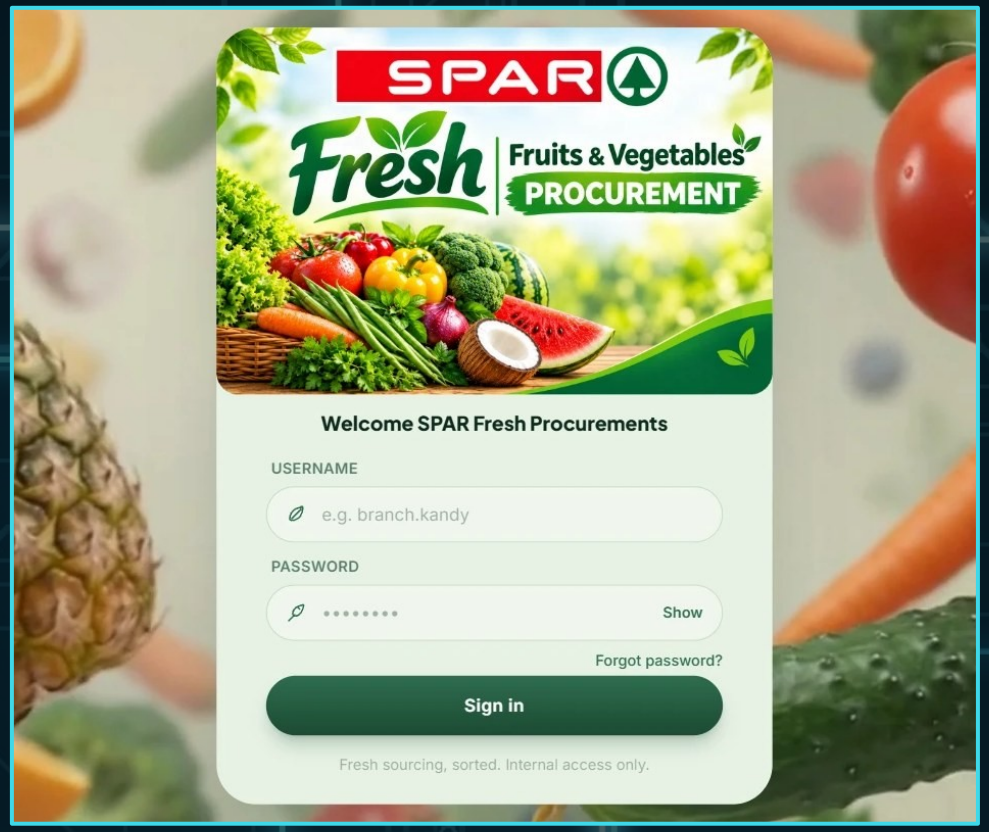

Send SPAR your fruit and vegetable prices on price days, from any browser.

See exactly what to deliver

Orders arrive broken down by branch: which item, how much, where.

Agreed prices on record

Price changes, approvals and purchase orders are all saved and signed.

Why are we moving to it?

Fixed price days

Prices are sent on Monday, Wednesday and Friday, before one daily cutoff.

Clear orders by branch

No more guessing from calls and messages: every branch's quantity is listed.

Signed, agreed prices

When SPAR adjusts a price, you approve and sign it, so both sides agree.

Everything in one place

Purchase orders, messages and your account details, always up to date.

Your role as a supplier

Your job: quote your prices on time, confirm any price SPAR adjusts, then deliver each branch's order.

You CAN

- Submit prices on Monday, Wednesday and Friday
- Update a price again before the cutoff
- See the prices you submitted
- Approve or reject prices SPAR adjusts
- See your orders by branch and download them
- View and print your purchase orders
- Message SPAR and update your details

You CANNOT

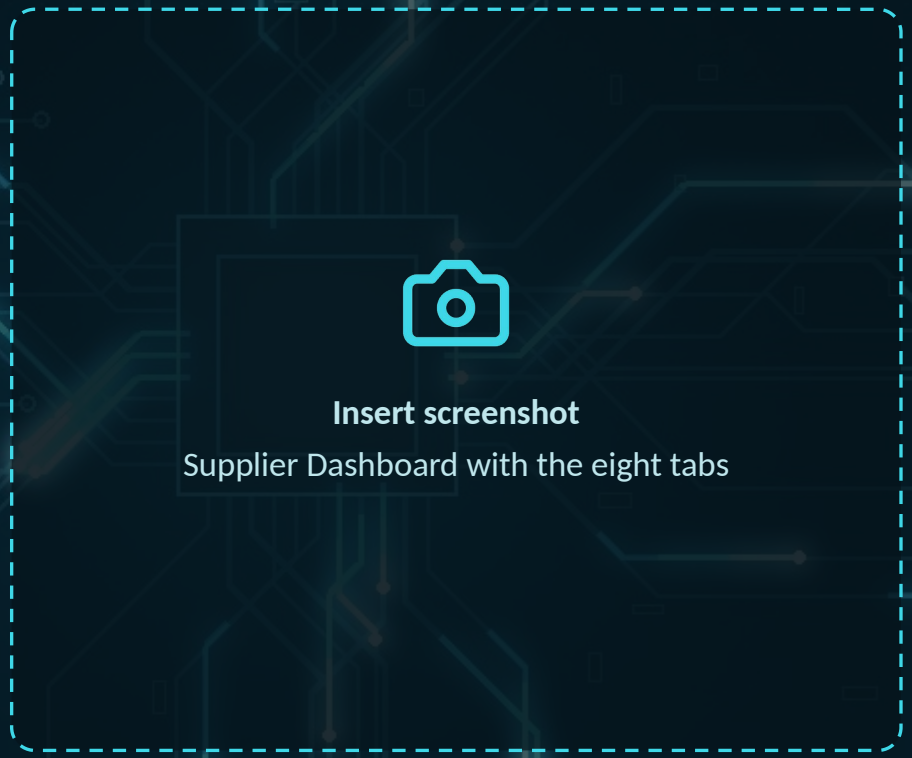

- Submit after the cutoff (12:00 PM by default)
- Submit on other days of the week
- See other suppliers' prices
- Change an order or purchase order
- Change products, units or the cutoff time
- Open Admin or branch screens

One login per supplier (e.g. sup01 for Bloomax). You only ever see your own prices and orders.

Your dashboard at a glance

After you sign in, a short welcome screen opens your Supplier Dashboard. The menu on the left has eight tabs:

- **Submit Prices** — Quote prices for the next cycle
- **My Submitted Prices** — Check what you quoted
- **Price Approvals** — Sign prices SPAR adjusted
- **Orders by Branch** — What each branch needs
- **Purchase Orders** — View and print your POs
- **Messages** — Chat with SPAR
- **Supplier Guidelines** — The rules, Sinhala and English
- **Account** — Your company details

Benefit: Prices, approvals, orders and purchase orders, all in one place.

Submitting your prices

1

Open Submit Prices

The top line shows the delivery date and today's closing time.

2

Enter your prices

Type a Rs. price for each item you can supply. Your last price is filled in to start.

3

Submit Prices

Sends them to SPAR. You'll see "Prices submitted successfully".

4

Need a change?

Submit again before the cutoff. It updates the price, no duplicates.

Key rule

Monday, Wednesday and Friday only, before 12:00 PM (default). Prices apply to delivery two days later.

Insert screenshot

Submit Prices form with prices entered

Benefit: Quick to fill in, pre-filled with your last prices, and easy to correct before the cutoff.

When SPAR adjusts your prices

If SPAR negotiates a different price, it sends you a price sheet to approve:

You're notified

A banner and a badge on Price Approvals show a sheet waiting for you.

Review the sheet

It lists each adjusted item, your price and SPAR's price.

Approve & sign

Tick the agreement, type your name, draw your signature, re-enter your password.

Don't agree? Click Reject and give a reason. SPAR will review it and may send a new sheet.

No reply? Respond before the delivery date. If you don't, your own submitted prices apply.

Benefit: Every agreed price is signed and saved, so there are no disputes later.

Orders by Branch

Once SPAR places an order with you, it appears here: one row per item, one column per branch, with the quantity each branch needs.

Open
a PO

Print
or save as PDF

Insert screenshot
An opened purchase order, approved by SPAR

Benefit: An official, e-signed order for every delivery, ready to print and send with your goods.

Your account and messages

Account

Keep your supplier name, company number, WhatsApp number and email up to date, then Save.

Messages

Chat with SPAR inside the system. A red badge on the bell shows unread replies.

Supplier Guidelines

SPAR's quality standards and price-day rules, in Sinhala and English.

Insert screenshot

Account details and Messages screens

Benefit: SPAR can always reach you, and every question gets a written answer.

A price cycle, start to finish

PRICE DAY (MON · WED · FRI)

Submit prices
Before 12:00 PM

→

SPAR reviews
Compares and may adjust

→

Orders and POs issued
Orders by Branch, Purchase Orders

↓

Price adjusted?
Approve & sign the sheet

DELIVERY DAY

Pack by branch
Check it against the PO

→

Deliver to each branch
Two days after the price day

The one time to remember is 12:00 PM on price days.

What's in it for you

Predictable price days
Plan your week around Mon, Wed, Fri

Last prices pre-filled
Only change what moved

Fix a price before cutoff
Resubmit, no duplicates

Signed agreements
No disputes over agreed prices

Questions answered in writing

Getting started: how to log in

1 **Open the system in your browser**
[insert live URL]

2 **Enter your supplier username**
e.g. sup01, plus the starting password from SPAR

3 **Choose your own password**
Required at first sign-in before you can continue

4 **Keep it safe**
You also use it to sign price approvals

5 wrong passwords

15 minutes locked

Wait it out, or call support.

Benefit: Your own password protects your prices and your signature.

Where to get help

Messages tab

Chat with SPAR inside the system. A red badge on the bell shows unread replies.

Supplier Guidelines

Quality standards and price-day rules, in Sinhala and English, any time.
